

## China Contract Manufacturing

Engineering | Quality | Supply Chain | Compliance

SpecsPro provides metal fabrication and electronic fabrication services to industrial customers in the US. We bid on customer's fabrication job, usually based on the engineering drawings and specifications. We contract the most capable and reliable factories in China and have the products manufactured according to your requirement and specifications. Finally we deliver the products to your door.

We can take the role as a contractor, OEM, ODM or VAR. Typical projects include; loose metal parts, structural devices and assemblies

### Engineering

We collaborate with our clients from product design to rapid prototyping to manufacturing. If drawings are not provided by our clients, we will have our engineers to prepare engineering drawing and technical specifications.

### Main Processing Capabilities

#### Metal Fabrication

- Machining - lathing, milling, Boring, cutting, grinding, CNC processing
- Casting - sand casting, die casting, and investment casting, etc.
- Sheet metal fabrication - shearing, stamping, cutting, bending, welding,
- Assembly

#### Electronic Fabrication

- Electrical Design – various circuitry and applications
- PCB board design
- Manufacturing – soldering and packaging
- Assembly
- Testing and reliability

We look forward to receiving your RFQ. We guarantee you of our supreme service quality and cost-effective solutions. [SpecsPro made to your specifications.](http://www.SpecsPro.com)

## About SpecsPro

SpecsPro LLC was registered in Minnesota in 2003. Our sourcing specialists have a range of working experiences from 10 to 20 years in import/export, product sourcing, manufacturing, engineering and quality assurance.

The combined knowledge and skill sets of our associates cover a wide range of industrial areas in both business and engineering. Our team of managing associates work from locations in the US and China. We serve US importers from all states and handle sourcing operations in all major cities in China.

We are well versed with business system, business culture and practice in both China and the US. Our industrial experiences come from our solid work history in import / export companies, manufacturers, carriers, freight forwarding and customs brokerage services.

We have an extended business network across the Pacific Ocean. Combined capabilities in business and engineering have become our great strength and the added-value to our clients. We have developed an advance business system in providing reliable and consistent solutions for sourcing products from China.
